

**TRAIN SMARTER,
INSTANTLY**

Problem

You need...

10,000 hours

Number of hours with coach to become an expert at your sport

10 hours/week

Average number of hours spent per week with a coach

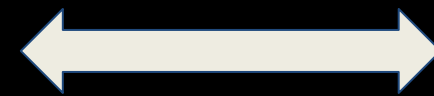

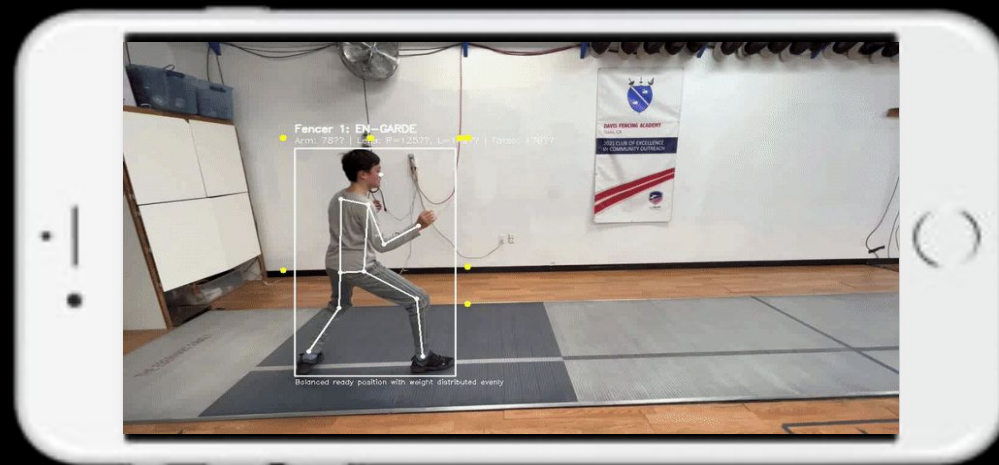

~20 years

Years of required training with a coach to become an expert

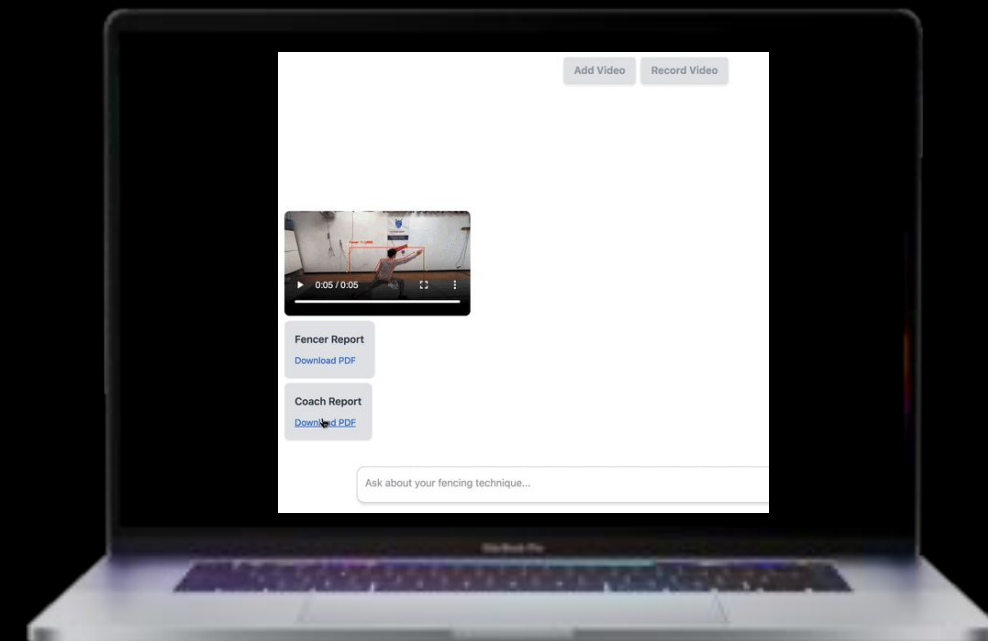

Solution

What if all of your “solo” practice could be done with a coach too?

Real-time on-demand analysis

Post-practice analysis

Get quality coaching outside of expensive private lessons and messy team practices!

Why This Problem?

6 sports

15 years

1000s of dollars and
hours wasted

Product Details

1. Upload a video or begin a livestream
2. Garde analyzes every aspect of **you, your teammates, and your opponents'** performance
3. Generate a **detailed report, or chat with Garde on-the-go!**

What We're Working On

USA
FENCING

Product interest Confirmed | Need user feedback and better hardware

What We Need

1. Mentorship

How do we position ourselves to the public?

How do we understand what appeals to our customer?

Market experience.

2. Access to Hardware

Our concept is loved, our package is not.

Need access to GPUs, compute, and more, in order to have a usable product.

Growth Strategy

Build a name through
local tournaments

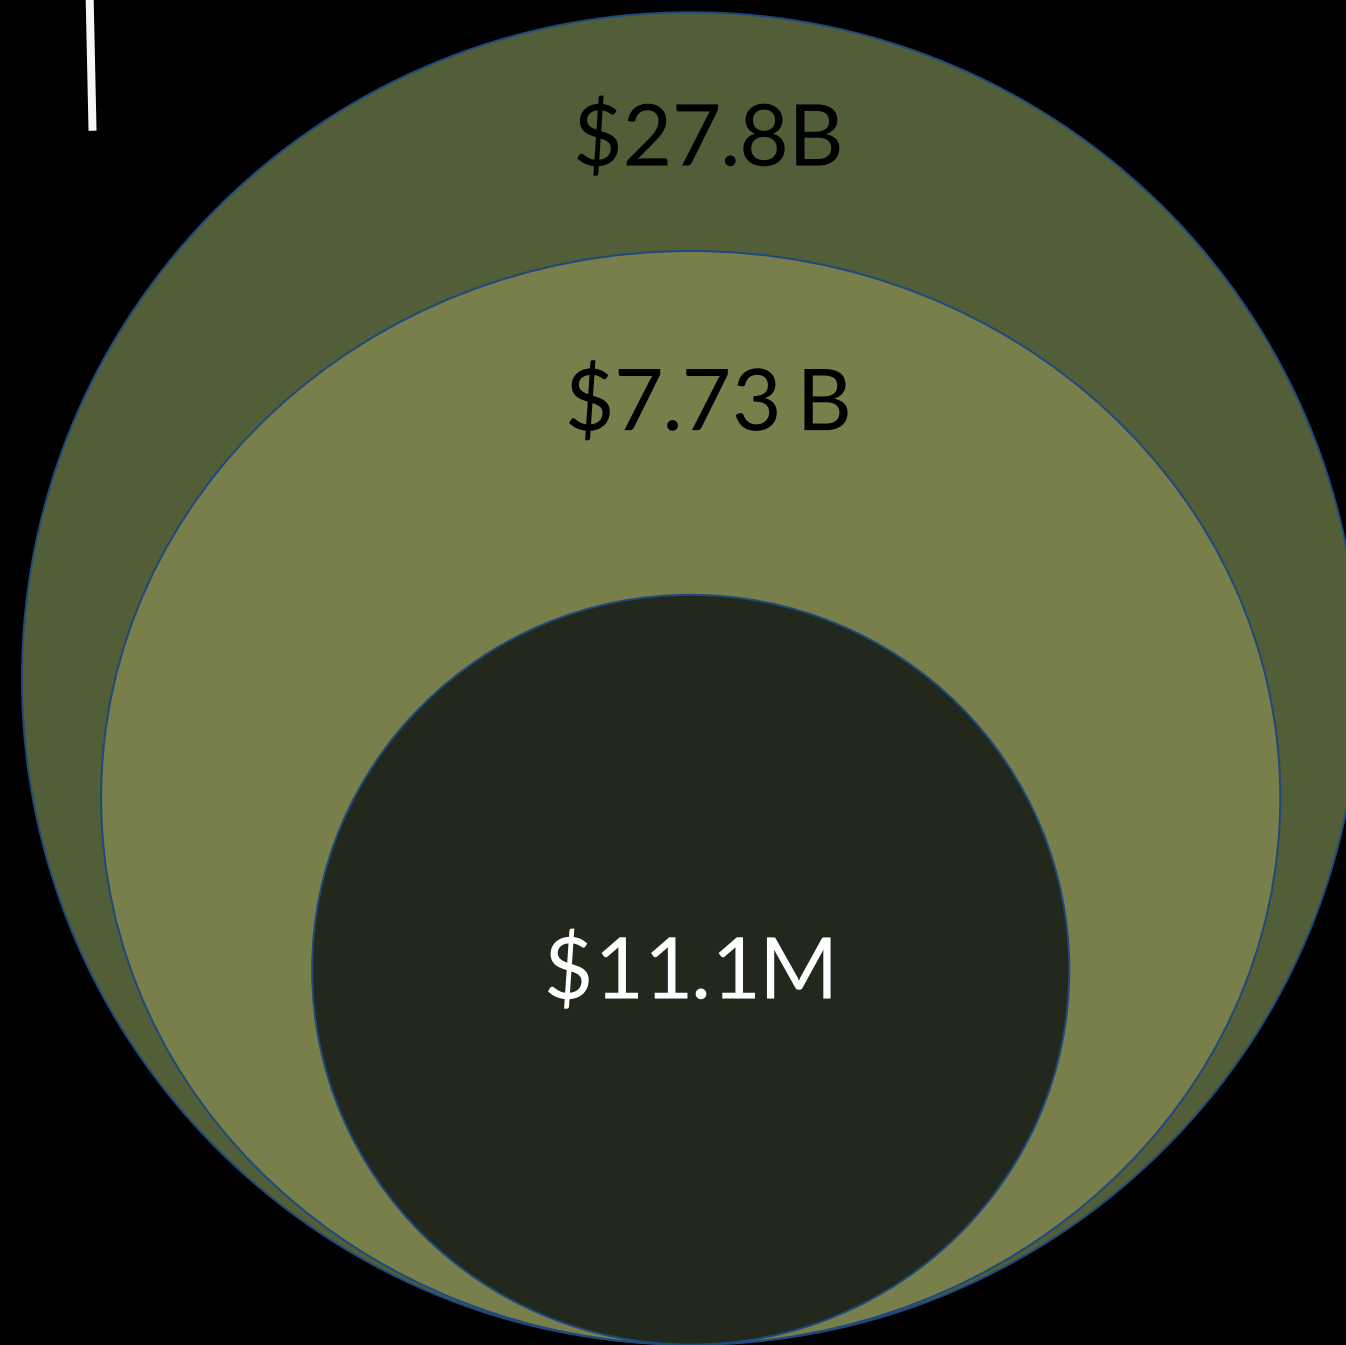

Sign more contracts with
leading academies

Launch into more sports

Market Size

TAM

Sports training market in USA (2025)

SAM

AI sports training market (2025)

28% of TAM (via CMI data repo)

SOM (Beachhead)

Fencing market (2025)

>37000 USA fencers, \$25/month
